

Custom Model Collection

The Rossini's Sofabed & More

The Collection is made for satisfy a very wide range of customer needs.

With the possibility to combine 8 different arm's design and 4 different body's design, it's possible to have 32 different Models available in many version as Sofa, Sofabed or in combination between them as modular lounge.

It's an High Class Sofa and Sofabed collection.

The traditional sofa bed is a product category that arises from the need to have a sofa that at the same time, when necessary, becomes a bed. The products traditionally available on the market have always been a fair compromise between a sofa and a bed. Unfortunately, this compromise sacrifices the comfort of the sofa, making it not always comfortable, and at the same time offers a bed that can only be used for short periods, and does not always meet the user's needs for ergonomics and comfort. From this need expected by the market, after a long period of study and testing, Rossini has developed a collection of sofa beds called: IT'S SOFA IT'S BED

IT'S SOFA BECAUSE

Because with a high design content, it is available in over 130 colors of fabric and 90 of leather, it has an inimitable comfort and absolutely comparable to a traditional sofa. Thanks to the 37 versions available as standard, it is a modular sofa that can be adapted to any Living.

The Products of the collection
“IT'S SOFA, IT'S BED”,
are at the same time comfortable sofa
and comfortable bed.

IT'S BED BECAUSE

It has a synchronized and orthopedic mesh. Made of steel painted with epoxy powders in a metallic gray color. Orthopedic bed base with wide (16 cm) beech wood slats and elastic straps on the seat.

MATTRESS

It has a mattress (thickness 16 cm) made of Waterlily, water-based, viscoelastic polyurethane foam. Thanks to its cellular structure, it promotes high breathability and a high degree of comfort, reducing pressure points to a minimum and distributing the weight of the body over the entire surface. The mattress adapts perfectly to the shape of the body by embracing it and giving a unique experience of comfort. The Mattress it's classified as "anti-decubitus mattress" certified under the Class CND Y033306. The Mattress it's CE certified as Medical Device Class I, in compliant with the Rule 1, attachment VIII of UE Regulation no. 745/2017

Main features:

BREATHABLE

DENSITY
48 Kg/mc (+/-5%)

ERGONOMIC

**100%
RECYCLABLE**

ANTIBACTERIAL

NATURAL

All the Mattress component, are certified OEKO-TEX Class 1. What does OEKO Standard mean?

If a textile article carries the STANDARD 100 label, you can be certain that every component of this article, i.e. every thread, button and other accessories, has been tested for harmful substances and that the article therefore is harmless for human health. The test is conducted by our independent OEKO-TEX® partner institutes on the basis of our extensive OEKO-TEX® criteria catalog. In the test they take into account numerous regulated and non-regulated substances, which may be harmful to human health. In many cases the limit values for the STANDARD 100 go beyond national and international requirements. The criteria catalog is updated at least once a year and expanded with new scientific knowledge or statutory requirements. It is not easy for manufacturers and customers to keep an overview of the legal situation concerning harmful substances every day. Our experts from the OEKO-TEX® institutes do this for you.

What are product classes?

A product class is a group of different articles categorized according to their intended utilization. The various product classes differ in the requirements that the products have to fulfil and by the limit values that are applied.

Product class 1:

This product class includes products for babies and has the strictest requirements and limit values.

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tolerance of about 2 inches (cm 5) on each sku.
